Circ. 4 of 2017

Applications for grants of probate/letters of administration – provision of original death certificates

A review has been conducted of the Registry's practice to request the filing of an original death certificate with applications for grants of probate or letters of administration. A certified true copy may now be filed in place of the original - as long as this has been certified by the solicitors making the application for the grant.

Production of the original certificate for inspection may still be requested in certain cases.

A handwritten signature in blue ink, appearing to read 'Liam Yeats', written over a diagonal line.

Liam Yeats
Registrar
